“ Leslie & family,

“There’s magic in a Mother’s touch, and sunshine in her smile. There’s love in everything she does to make our lives worthwhile. We can find both hope and courage just by looking in her eyes. Her laughter is a source of joy, her works are warm and wise. There is a kindness and compassion to be found in her embrace and we see the light of heaven shining from a Mother’s face.” Please accept our deepest condolences on your mother's passing.

“ I was sorry to learn of Alice's passing. We were lucky to her as our neighbor, and she will be missed.

Her are my memories of Alice: She was truly a great lady, in every sense of the word. She was a hoot to spend time with, because of her keen intelligence, and her great wit. She knew the scoop on everyone and everything, and had an opinion, which she was not shy about sharing, because she was so engaged with the town and the IU community. It was fun to spend time with her.

I know, from the stories she told, that Alice was completely dedicated to her family, and to doing good works, and was a wonderful hostess. She appreciated good food (we shared a love of the crab cake Benedict at the Uptown Cafe), and while she had a sharp eye for human foibles, she was invariably incredibly kind and generous of spirit. She was so well-regarded, and cared about.

Alice Manifold was a woman of great character. I feel privileged to have known her. My sincere condolences to the family.

“ I worked at Williams Jewelry in the 1990s, and Alice was a regular customer at the store. Her big smile and bigger personality were always fun to encounter.

My sympathies to her family... she lived a full life!

“ My Aunt Alice will be missed by many. She taught me a lot about cooking, about sharing with others and about being yourself. She loved a good laugh and could tell a good story. Holiday dinners with Alice were legendary! She was always there for family and friends. So many in our family lived downstairs at her home at some point in their lives. She will forever be on my mind and in my heart.
