“ Dear Barbara,

I am shocked to learn that I cannot see you anymore in this world. Why didn't I write or call you while I could? How can I repay all the love and help you have given to me and my family?

I will miss you, very much. Please have peace in heaven.

“ Barbie meant so much to me when I was a younger. When I was a teenager she rescued me from despair many times, showing me love and kindness when I was at my most vulnerable. She had no reason to do this except that she was just a very generous and loving soul. Years later, I am so sad to have just found out she passed and I wish I'd had a chance to say goodbye to her. Barbie, I want you to know how deeply you once touched and made my life better. Thank you for all the love you showed me when I most needed it. I'm so sad you're gone, but I know your spirit is in Heaven, soaring.

“ Oh that smile. Becky was one of those rare people with a gift to make us all feel like we belonged. She was always so kind and welcoming to me at INAIR and AIR. I have special memories of her and will pay her kindness forward to others.

“ Deepest sympathies to Barb's family and friends. Barb was such a joy to be around and always brought fun to our department gatherings. At our Christmas parties, you never knew what fun gift she was going to bring to the white elephant, and I still laugh every Christmas at the "We are Santa's elves" singing hat that I inherited. Barb was always there to lend a helping hand either at work or for many who needed a place to stay. I loved hearing stories about the joys and tribulations of caring for grandma and her beloved dog Abby. Her laughter and warm heart will be missed!

“ Deepest condolences to Barb's friends and family; We lost a very kind and generous soul. She was a cherished friend as well as the adoptive aunt to my two girls when we lived in Bloomington, far from our families. We had lots of fun and good memories over the years...she would always argue with me over pizza because I preferred veggie pizza but she was convinced I was only doing it for her...she took my daughters out to eat at a restaurant known for their steaks, where she ordered the veggie platter and my daughters ordered mac & cheese (and enjoyed their rollss)...our practical jokes in our office...our AIR conference trips...cooking in our office...walking and playing with our dogs...her infectious smile and personality. You will be missed, but always loved, Barb.

“ Deepest sympathy to Barb's many friends, colleagues, and family. Such a kind, generous soul who often put others before herself. She became my daughter's adopted aunt when we lived in Bloomington since our family was so far away. Some memories I will always cherish...arguing with her because I really wanted a veggie pizza while she insisted I was doing that just for her...taking my daughters to Texas Roadhouse (known for its steaks) where she had the veggie platter and my daughters had mac & cheese & lots of their rolls...playing practical jokes in our office...AIR conference trips...her traffic violations...and of course, her love of animals.

“ Barb touched so many lives. I was one of the many IU grads that she helped grow, learn and mature. When I started as a work study in the Registrar's office God put an angel in my life named Barb. The list is endless of the things she did for me and many others. And any time I tried to repay her she said watch the movie Pay It Forward and promise me that is what you will do. She is evidence that good people

still exist in this world. Kind hearted people that just want this world to be a better place. I love you so much Barb! Rest in God's arms.
