“ Geneva was such a wonderful woman, only if more were like her the world would be wonderful. I remember her predictable birthday parties at the nursing home each month and was so dedicated to them for so many years. She was the founder of the Nursing Home department at the Open Class Fair Building and dedicated space and even went out to collect the exhibits! She will be missed by all.

“ I was one of Geneva's cnas at garden villa. This woman has brought me so much joy in the two years that I knew her. I wish I had more time to learn more about her while she was still here. It breaks my heart that she is no longer with us, but she had 103 wonderful years on this earth and it was her time. I hope that one day I can accomplish as many great things as she did. This woman will always hold a special place in my heart.

“ Geneva Stevens was one of the most delightful human beings you could ever meet. I made her acquaintance as she worked and volunteered in several nursing homes in the Bloomington area and if ever there was somebody in the facility you hoped would stop by your room for a visit, it was Geneva. A sweet smile, a kind heart, a generous and unselfish approach....she was one in a million. To his goodness, God gave Geneva many long years to share her kindnesses with others. My sincerest sympathies to her loving family who I know will cherish precious memories of their matriarch for all their lives!

“ Geneva was a dear friend to our family for many years. She was a fantastic example of a giving, loving, wonderful Christian woman. I have memories of her bringing me a basket of get well gifts in the hospital when I was a young child, of her hospitality inviting everyone from church over to their home for hayrides (led by Emerson), teaching generations of children Bible study classes, and cooking our family an entire feast when my youngest was born just 10 years ago. We loved visiting her, sharing meals together, attending ladies Bible study classes in my mom's home together, and admiring her amazing dedication to all those around her. We will miss her so much, and we truly cherish all the memories we have with her-a friend who was so much more like family. We love you, Geneva.
