“ I worked at Area 10 Agency on Aging as the Director of the Endwright Center. Helen was one of my very favorite patrons. She always walked through the door with a smile on her face and something incredibly kind and uplifting to say. She always, always brightened my days. After I left Area 10, I was happy to find Helen again at Garden Villa during the year I spent visiting another friend there. We were both so happy to see one another, and she continued to be a bright and shining light of positivity and grace. She was a very, very, VERY special woman. I am so sorry for your family's loss, but also so glad that you had her influence and presence during your lives together. Sincere condolences.

“ I worked at Area 10 Agency before my children were born in the early 1990s. I often saw Helen through my job and have never forgotten what a wonderful lady she was. She was funny and kind and so devoted to our clients. The clients all loved her too. My thoughts are with your family at this time.
