“ I met Lynn while attending Western Michigan University. Some of my most fond memories of WMU involve Lynn. He was a Good Ole Boy.

“ Valerie, it's a long time since volleyball. Since watching an episode of '800 Words' this spring, I've been wondering about you. So, I just searched and was surprised and saddened to see this obituary. I'm very sorry for your loss. The previous comments indicate you have a great family and friends for support and comfort. As Redd Skelton would say, God bless.

“ I worked at Imported Auto Parts, and got to know Lynn we'll right after he migrated from Columbus. He always impressed me with his engineering knowledge, and it's application to autos. The most vivid memory was his sense of humor and infectious laugh. After he hung up his professional wrenches, and I moved out of the auto business as well, I would run into Lynn here and there in BLOOMINGTON, and it was like the years in between didn't diminish our rapport and laughs. Lynn was a great guy, and I can't believe he has left. I'm so sorry for you, his family.

“ I met Lynn many years ago when he tried to fix my car that was most likely a “lemon.” He was a hard worker and kind person. I encountered him again 9 years ago while working with kids with special needs. He was the same old Lynn- cheery, kind, patient with the kids and very dedicated. He always greeted me with a smile and used my name to address me. What a sweet and personable man! He will truly be missed by all who knew him. Rest In Peace Lynn.

“ Lynn was a great friend in the tween and teen years. We shared much in common and did many things together back in those days. He loved camping, exploring rural southern Indiana, the beaches of Florida, Ft Pickens's off of Pensacola in particular and loved music. His family took me with them for many weekend outings and taught us the love of nature. I will always have fond memories of him and those years we shared in your youth. May you rest in Peace Lynn, you were a great friend and went on to become a great father and provider for your family. My condolences to the other family members, he will be missed.

“ I'm sorry I didn't get to know my two boy cousins as we lived far apart. I have two other girl cousins who are older than me. Carol and Marge I am one of the three other cousins. Dave who is my oldest brother who is now in heaven and Dan. I live in Hawaii and am married to Norman and we have two sons Brandon and Ryan who live in California and we have four grandchildren. I am sad that one of my four first cousins died too young. God bless his family aunt Pauline who I haven't seen since my dads funeral many years ago

“ I am met Lynn (and Kevin Burgart) in 1967 at Binford Junior high school. We became fast friends. Some of my best memories from that era are driving around Southern Indiana with Mr and Mrs Gliessman in a green suburban full of boys looking for state parks and ice cream. Great memories. My sincere condolences to the family. We had sooo much fun together.

“ I am so sorry to hear this news. Lynn was my best friend in high school and we had lots of fun together. After falling out of touch for years, what a nice surprise it was to find out that he was the school bus driver that turned around in my driveway every day!! I was very glad to get somewhat re-acquainted and see him from time to time. I will always remember him for his easy going disposition and laughter. He was too young to be taken and will be missed very much.

“ Lynn was the special needs bus driver for my daughter “Izzy” Izabella. She rode his bus for years up until the time we moved out of Bloomington. We have not seen him in 2 years but she still talks about him often and compares all bus drivers to him(none that measure up of course). I have to admit I also find myself comparing all bus drivers to him and none of them come close! I was always so thankful that my daughter started her school day and ended her school day with him. He always showed such love and compassion and had the patience of Job! When we left Bloomington I remember getting her off the bus the last time and I literally walked to my back porch and sobbed as he pulled away in the bus. MCCSC will never find anyone to replace this great man and his heart of gold! Prayers for his family, friends and for all the kids who's lives he forever changed and shaped.... My daughter being one of the kids. GOD bless you all! Matthew 25:23
