“ So sorry to hear of Bob's passing. I credit Bob for giving me (a 14 year old kid at the time) a chance to work in food service with my first paying job. As food service director at Manchester College, Bob hired me in 1974 as a dishwasher and I continue to be employed in the food service industry today (43 years later) as manager of the Bloomington, IN Red Lobster restaurant. My condolences to Bob's family.

“ My brother Bob, what can I say. He was always a good brother and put up with me during our child hood. I was the only girl in our neighborhood and Bob would let me follow him all over with our dog Tippy. I have nothing but great memories. When we were in High school, I would stay up and wait for him to return home after a night out with his "friends". When he went off to college, I missed him so much that our Mother had to call him and tell him to come home. I do not remember a time when we had differences but I am sure we must of had some. I loved him very much and will miss our times together. Our Mother finally has her son at her side!
Rest in Peace my sweet brother.
Your loving sister, Joan
