“ you and marsha will miss him

“ First met Rob back in 1975, big sister Marsha and were dating. We took cousin Jack, brother Ron and Rob fishing at Yellowwood. Hadn't been there long, Jack hooked Rob right through the nose. Things got lively, I was able to cut the barb off the hook and all was well. Rob, Jack, Ron and I went golfing at different courses and had lots of fun. Rob always seemed to have the best score. He'd take mulligans on nearly every hole. Oh what fun we had. I remember the time Marsha and I thought Rob had ring worms, years later it was revealed the red welp came from a wad from my brother's shotgun blast. Rob lived with us from day one when Marsha and I married, as Marsha always said I had a ready made family. Rob gripped to Marsha I made him work to hard. Many years later at a family gathering he told he thought I was too hard on him. But he was glad that I was. He told me that I always told him the way it was, no sugar coating. Rob was a generous man. Taken advantage many times because of his generosity of wanting to help people. He was really proud of son Chris following in his footsteps in joining the Air Force. When we ate out at the Veterans Day events he would always mention his son Chris being in the Air Force. Had big plans on visiting Chris and wife Emily with new grandson to be. Son Michael made Rob worry he wanted the best for him and spent many father son days with him. Rob would bring the boys and a friend or two fishing at our house many times. Rob friend Jerry spent many hours ice fishing on the pond. Rob visited Michael the last day of his life here on earth and planned that next day also. He'd planned on having lunch with my mom and sister this very day. But this life cut it short. Marsha and I are so very sorry we can't be here for him and the family. We are also sorry Brother Ron's two children Billy and Kylee were not mentioned. Rob you always wanted Marsha to be happy. She is and you made me happy too. Love and miss you Gary and Marsha

“ I first met Rob when he was nine after His big sister Marsha and I met. He was nine, his brother Ron, Cousin Jack, Sister Marsha and I went fishing at Yellowwood. It was a fun day until Jack casting caught Rob in the nose with with hook. Things got exciting, the hook went through all the way. I was able to cut the barb off and everything was good. I remember the times he, Ron, Jack and I played golf on Mostly Sunday mornings. Rob had a mulligan on nearly every hole. Oh what fun we had, playing the different courses. The time we thought Rob had ring worms, years latter it was revealed a wad from my brothers shotgun blast caused the large red welp. The times Rob would bring the boys fishing many times with friends. The times his friend Jerry and Rob went ice fishing hours on end. I remember all the times Rob helped me and Marsha on the farm. He would gripe to Marsha, I was making to hard for him. A few years ago at a family gathering Rob stated to some family members how hard he thought I was on him, but After growing up he was glad I was. That made me feel good. Rob always said my advice came through as truthful and not sugar coated. That made me feel good. Rob was a kind and generous man. Many took advantage of generosity. He loved my wife, his sister Marsha and would do anything to make her happy. He was especially proud of his son Chris, like Rob he is in the Air Force guarding our nation. When Rob and I went to Veterans Day meals Rob would always proudly mention Chris. Son Michael was always on Robs mind, oh how he loved his youngest son, spent the last day of his life visiting Michael and planned the next day too. Marsha and I are so sorry we can't be their today. I'm also sorry Ron's son Billy and Daughter Kylee were not mentioned. Marsha and I loved Robin Dewitt dearly Gary Clark

“ My deepest sympathy in your great loss.
My heart goes out to you and your family.
I wish there were something I could do or say
that would ease your pain but know in your heart
I am thinking of and praying for you and your family.

I am blessed to have known Rob and to of had his
and Ronnie's friendship as a child. I have such wonderful
memories of playing in the apple trees, hanging out at
the path and all the time we spent running through the
neighborhood just having fun and being kids.

Those we love don't go away,
They walk beside us every day,
Unseen, unheard, but always near,
still loved, still missed and very dear.

Thinking of you at this time of your loss.

Thoughts, Love and Prayers,
Freddy Sturgeon

“ April, you and I were the three youngest Garsnett grandkids. I remember all our hikes and hideaways at the family reunions . I remember the summer Ronny and you came to live with us the summer your mom passed. Everyday we would play Manoply for hours.. Ronny and you make me learn all the different semis , so I could be in your club . I remember you guys scareing me and chasing with those snap pop fireworks . You will truly be missed. Tell Aunt Marilynn and Ronny hi and grandpa and grandma. My dad never got over loosing his only real sister. He did love her so much and blamed his self for not being able to protect his big sister.. I am so sorry life wasn't fair to you , but you rose above it . You are truly one of my hero's. I will forever love and miss you, my sweet sweet cousin, Robby.

“ Rob, you were not only family, but our Dear Friend. We shared a lot of wonderful times together. Riding our motorcycles, dinners at the Fairfax Inn. You loved their all you can eat fried fish. Our cookouts. Big ole Buster, your sweet dog. Nights you would just stop by our house to say hello and check on us. You would call just to ask me, how my pain was that day. That big heart of yours, cared and loved so many people. You always made us laugh, even when you were in pain! You always told me you loved me before hanging up from our lengthy phone calls. But now my phone doesn't ring showing your name, no more text messages. I never dreamed that Sunday before you passed on Tuesday, would be our last call. Rob, we already miss you so much! We will never stop loving you.
