“ *Ralph and family,
I was saddened to see your mom's obituary in the HT today. She and my mom Joy visited together a lot at Bell Trace while my mom was there for three years until 2009. I visited a lot with both together. My mom enjoyed listening so much to Alma play the piano. Your mom also remembered me when you and I played together during our kindergarten at Roger's times. What a memory she had. My sisters and I were very sad when Alma at a fall (I think walking with my mom) and was in the nursing center afterwards. We visited here there. Wish you all well.*
