“ *Denise and family -my heart goes out to you with the loss of this member of your family . I know words will not help the pain and heartache , just know that whomever he touched their lives were changed for the better.*

He was a great man and friend- we became friends when he was fresh to Bloomington and going to Vincennes University and was always the life of the party ready to take any one on in darts . With a kind heart and willingness to help out a friend or just to listen .
