“ I have so many memories of Barb going back to when we kids (Billy, Noni, and Armetta) were always at each others homes, climbing trees or splashing around in the puddles after a good rain, or playing "statue" or hide & seek. And Barb was there when and if we needed her, but mostly just let us play and be kids! Those times spent together made a lifetime of memories and friendships. Thanks, Barb, for always making me and my sister feel like we were a part of your family.
