“ I have very fond memories of Barb when we worked together at an after school program at Summit School. What a great energy. She connected so easily with the children. They loved her. It was a challenging job for me, and I remember how supportive and encouraging Barb was. Recently I ran into her at the Broadview Learning Center. She was still at it, teaching and reaching non-traditional students in special ways. What a loss to Education and Monroe County. Barb Backler
