“ I met Betty when I worked across the street from her home. She would smile and wave from her front door. We got to know each other through my after work visits. I left that job in February of 2020 and I am just now learning of her passing. I have thought of her often as she made such an impact on me. She had a beautiful soul and I'm grateful I was able to know her. If any human deserves peace everlasting, it would have to be Betty. ❤️❤️❤️

“ Betty was a wonderful boss. I worked for her at IU for 8 years. She cleaned and worked harder than anyone yet she had the biggest smile. I often think of Betty and hope that I will one day have such a positive impact on people the way Betty did on me. She was an amazing woman.

“ Angie, Coby, Shaiann & I are heartbroken at the loss. I'm so glad you had the opportunity to know my children to the extent that you did. And I'm so thankful that you often provided me with love and support during some of the most difficult and turbulent times in my childhood when nobody else did. You often gave me a temporary relief from an abusive situation that I had no control over when no one else would. I'm sorry that I couldn't come home, sorry you had to spend the remaining time Under this COVID 19, Isolation. But know that you are loved, you are missed, and sitting exactly where you wanted to be, next to Jesus. Love, Bobby, Angie, Coby, Shaiann Hebrews 4:16 #yourOhana
