“*Doc was a good friend to me as he was to so many. His wonderful sense of humor made each conversation very enjoyable. I will miss answering my phone and hearing Doc's voice say "Have I reached L.L. Bean?", followed by laughter. Goodbye for a while my friend.*

“ So sorry for the loss of such a great man. He was my first "boss" as I entered my career at the IU School of Optometry working in the clinic in 1972. He ended up being a life-long friend with many great memories. One I will cherish is the lunch Shirley hosted a few months ago at their home for the "retired ladies of optometry". It was so memorable and touching to see him proudly show and describe his collections, pictures and awards. I will always remember that day and think of him fondly.
With sympathy,

“ I was a student of Dr. Shick at IU like so many he taught me how to shoot. I used the training that he provided me in my career in Law Enforcement. He was a great teacher and firearms instructor but more than that he was a great man and friend. He truly cared about his students lives not just teaching them. He was a mentor to so many students and kept up relationships with many of us and our children until his death. When I think of IU I think of Dr Charles Shick a true professional and first class man. God Bless Shirley, Timothy, Kelly Lisa, Constance and the entire family. May God grant Doc eternal rest and let perpetual light shine upon him. God Bless Doc!

“ I had the pleasure of spending many hours with Dr. Shick discussing the the Sycamore Gun Club and other items relating to the interest of both of us. He was a Great Optometrist a devoted man concerning gun legislation but most of all he was and OUTSTANDING person. He will be sadly missed by everyone who was fortunate to know him.

RIP old friend.

“ My dear friend Shirley, Kelley and Lisa, Doc will be missed by all of us. His wonderful sense of humor, his generosity and genuine concern for others, his lively interest in gadgets of all kinds and his commitment to life long learning of all things new was an inspiration to all of us who knew him. My immediate thought when I heard the news was that Les now has his best friend with him in heaven. I am sure that they will finally get to go hunting together now. And neither of them will be feeling that earthly pain any longer. There will never be another like Doc and no one can replace him, which is why he will always hold a special place in our hearts. He was loved, as all of you are loved. Take care, and I wish I could be with you. Please feel the hug I am sending your way. Carolyn Hash

“ Doc was one of the best people I have ever known and a very special person to me. I felt like he was family. I have many great memories of the shooting we did and some of the trips we took. I still remember the first time I met him. I told a fellow gun club member that I wonder if I can con Doc into looking at some gun I was having issues with. He said you don't have to con him. All ya got to do is ask him. I did and that was the start of a great friendship. He will truly be missed and I am very sorry for your loss.
