“ *Dear McClary family,*

When we moved to Bloomington in 1979, a new friend suggested Dr. McClary to be our family physician. We were so pleased with that choice. He was unrushed, relaxed, a good listener, non-authoritative yet exuded confidence. When our young son drank water from the creek on Cascades golf course, besides the treatment, he recounted a story from his time growing up near the Ohio River. This was his way of removing anxiety from the situation.

We were very fond of Dr. McClary and respected him. We are very sorry for your loss.

In sympathy,

Jane and Rob Parry

“ Like many here in Bloomington, we will miss Charlie McClary greatly. You could always tell when he was approaching your exam room because you would hear him whistling! As Director of Meals on Wheels, Charlie & Judy were delightful volunteers. He always had a funny story or remark to share, and completed his service with kindness & humor. Our deepest sympathy to the entire McClary family. He was one of a kind. He made the world a better place.

“ This message is for Colin. You may not remember me, we worked in the ED together 30 years ago at Bloomington. I was Coordinator and you were a Tech. I always enjoyed your sense of humor, and remember some funny stories involving you. Before I worked in ED, I worked on OB when your dad was still delivering babies. I have to tell you, he was a good doctor and a wonderful person. He was also a hilarious story teller. If we ever have the opportunity, I would love to tell you some of the ones I remember. He also was extremely proud of you. I hope that knowing how much he will be missed by people like me will make his loss a little easier in some way. Take care. Karen

“ Judy, my condolences to you & your dear family. Dr. McClary was our family doctor for many years. I particularly remember his coming into the examining room ready to tell a good story-- helping the patient relax & just feel better. I also remember him at the Y working out & setting personal goals for himself.

Such a kind man!

“ So many fun memories of good times with Charlie and Judy come to mind. From our many dinners together, to sitting together at IU games, to out of town trips, we've been blessed to enjoy their friendship over the past fifteen years. Most of all, we cherish the conversations - and the laughs - we've had.

We didn't know Charlie as a doctor, but we can imagine, with his warmth, humor, intelligence, and integrity, that he was an awesome one. He couldn't have been a better friend.

“ Rest in Paradise, Dr. McClary...I worked for him in '73 through my OES program at BHSS...it began my 47 year career in healthcare. I always remember his laugh & whistling. I tried to type from his dictation, that didn't work out so well...he talked wayyyy to fast. My condolences to his family & all that loved him

“ We remember Dr. McClary always whistling as he came into the exam room. When our kids were little, they were a bit apprehensive to hear him coming. Thinking back though, he was a gentle and caring doctor to us and our children as they grew up. We are sorry for your loss and cherish sweet memories of him and of his care to us.
