“ *Cloyd was one of a kind, and a mechanical expert. I enjoyed working with him at GE and talking with him about flying. When our car caught fire in 1973, he redid the electrical system and we ran it for years. We loved that car! Rest in peace, Cloyd. We send our sincere condolences to his family. -- Johnny Popp*

“ I knew Cloyd but not well, I did know how ever his son Andy, I worked with Andy on C94 and taught Andy a little of what I knew as a control man when he took my place. I wish to send my condolence to the Family as I would be able to make it to the visitation for I have an appointment with the VA from 10 until 2:30 but my thought will be with you.
