“ Bubby, you are finally free from the horrible pain you have endured your entire life. No one could ever take your place and I love you more than anyone. Our walls on the beach or swimming in the ocean . I knew you better than anyone and you knew me more than anyone. I will forever have your heart until we meet again. Fly high and swim long I will forever be with you and no one could ever separate us. You are finally free

“ Meeting you on the bridge when you rode to Spencer! It was perfect . But all I said was hey. I miss you so much. Trying to sleep by you without waking you up. All the movies I fell asleep for once I snuggled up to you. You looking at me like I’m a crazed psycho for wanting you. Wanting always to have your arms around me or mine you. Tasting the life in you was a treat. I will forever love you for caring about me and making sure I knew you did. I miss you so much
