“ *Dave was one of my best and dear friends from childhood and I'm so sorry to learn of his death. As one of the good ol boys from Freedom, I have many wonderful, fond memories of times we spent together years ago. Even though we lost touch with each other over the years, his smile and laughter always lit up the room and that's something I'll never forget. My family and I send our best wishes and sincere condolences to Dave's family and friends. I hope to meet all of you at his memorial service and celebrate the life of a truly great man who is loved and missed by many of us fortunate to have shared a time in his life. Rest in peace Dave and thanks again for being such a loving, happy friend to all of us.*

*Love,
Larry Morley*

“ I really lost touch with so many classmates but have such great classroom and school memories. Dave and I shared what we called "weird" moments. It was fun to catch those random, awkward, embarrassing moments when one of us would look at the other and say "weird, not weird, or really weird." My favorite memory of those moments was the different faces he made with his replies and for such a quiet person, his expressions could make me laugh every time.

“ Although we never met David, we know that he must have been a good man, exceptional father and super grandfather. The evidence is in his son, Jake, wife, Lori, and really neat grandchildren. Loss of a parent is devastating, but the opportunity to simultaneously grieve and to cherish memories of a life well lived is indeed a blessing.
