“ I remember David Sherlock, he drove a 55 light blue and white Chevy Belair, top of the line. Married my ante Evelan. I remember he was a knowledgeable Sunday school teacher. I remember when I was older he was a knowledgeable warehouse man knowing the hundreds of parts and peaces for electrical service. I remember he and family provided a mobile home for G ma Eads with groceries and stuff everywhere until her early 90s. I remember family get together in their park like setting under the trees and the good food. I remember David working with hundreds of daylights I remember a good patient man. Good memories live on
