“ *Dennis was so good to me. He would give me rides home when my car was broken down. He always told me when he won the lottery he would give me enough money so I could retire. Of course we knew it would never happen. He will be missed.*

“ Julie and Jennifer I am so sorry for your loss. Dennis was a wonderful man. Very patient with Jordan and his million questions about everything. Anytime he was at his grandparents and we couldn't find him, we knew he was over talking with Dennis. I know that he will miss those visits so much. Our thoughts and prayers are with you.

“ I have spent the day going down memory lane when Dennis and I were kids. As cousins we would always find something to get into. Being in a military family we separated and grew up quickly. I always looked forward to going over to Bob and Ruby's when we were in town and when briefly lived in Bloomington. Years later I had car problems; Dennis was there johnny on the spot to lend a hand and find me to a good mechanic. Whenever my wife and I were in town visiting Ruby, we would have a chance at times to see Julie and Dennis. We are deeply saddened to Dennis's sudden passing and have been in continued prayer for Julie and the family. Our hearts go out to Julie and the family. God Bless You and comfort you. “ I went to school with Dennis ever since Broadview. He was a couple of grades behind me but that didn't matter. Steve and I used to see him all the time at the bowling alley whenever he bowled. We have lost touch with him over the years and are so sorry to hear of his passing. May God be with all of his family and friends.

“ From the early days at the bowling center (Classic Lanes) our friendship began. Many a night (sometimes morning) after bowling with a few (Bud's) we began a long friendship. Wasn't long before our mutual passion for "vettes" began. He bought a totaled C-3, and I rebuilt it in my driveway. As his need for better and faster, he moved on up to faster and better. My first lesson was I wanted one to, and he said "if you want something. go for it". I did get mine, as you could see on my FB page. Later his best friend from high school (bowling on same team) got his vette. Not be the slowest in the group, I started a LT-1 conversion on mine (I do procrastinate) but had to feed the kids. As we formed our local "Vette" club which he named it "S.I.C" (Southern Indiana Corvettes). That's when I found a '85 C-4 online and bought it for my wife (best excuse I could come up with) to do the road trips with the club. If it wasn't for our friendship I would never had this experience. As the last surviving member, will be closing another chapter in my life. Rest in Peace my friend as will always remember "If you want it, go for it".

“ My uncle Dennis was like a father to me when I was a kid. Jennifer and I were close and I spent alot of time at her house, we spent a lot of time giggling at non sense and Dennis. He was always picking on us. I Will miss him but treasure the memories that I have.
