“ Aunt Dollie was a one of a kind. She was a beautiful person inside and out. You could always count on a little sarcasm and snickers out of her. She was a wonderful caregiver to many people, including her Mom and sisters. Dollie was a caring person and always let you know what she was thinking (even if it was under her breath). I have very fond memories of her Mom, my Mamaw, Dollie, her other sisters and brother. She touched so many lives and is now watching over all of us from heaven, without pains, without sickness, without worries with her family that has gone before her. I bet they are eating Grandma's noodle, pecan pie and peach cobbler & singing so loudly that their neighbors can hear them.
I miss you all - stay strong and try to fill the void that Aunt Dollie leaves you with each other and the wonderful memories you all share.
