“ We follow a pathway that has no end as we travel through life day by day.

Together with those who are dear to our hearts
and are there by our side, come what may

But sometimes a loved one must travel ahead
for reasons that aren't always clear.

And we're left behind to continue along,
missing one who is no longer here.

And while it may seem that the pathway has stopped,
it merely has rounded a bend,

And our loved one goes on to a much brighter place
down the pathway that has no end. RIP Dwight..

When i tell memories of special times in my life, dwight played a big part in all that was me. He was always making fun & shared a love for the woods, & animals.
