“ I was a part-time receptionist at Meadowood for several years. Elizabeth would come to the desk before dinner for help putting on her earrings. She was so much fun! She also enjoyed looking back on her career at IU. A very interesting woman.

“ Elizabeth was a breath of fresh air and a ray of sunshine the years she worked in Chemistry. Even though she was retired for several years, the legacy that she left still rings throughout the department. Knowing that she has passed brings sadness but fond memories of a wonderful lady. My prayers are with the family at this time.
