“ *Freda was so much fun to be with. I'll never forget the first time Greg introduced me to her. I felt like I'd known her forever. She sure had the Sowder sense of humor! Greg and I are both sorry we're out of town for her service. We also are so grateful we were there for her auction before she moved to Florida so we have a wonderful item of hers we've always cherished.. God be with all the family...*

*If it wasn't for my Aunt Freda and Uncle Earl Wayne, who passed way to young in life. I don't beleive my cousin's Larry and Teddy, would have lived as long as they did. When they were diagnosed with Cystic Fibrous they were told that they would not live long enough to even go to school. They did everything that they could to prove those Doctor's wrong. Teddy was 24 and Larry made it to his 30th birthday. I called Aunt Freda, a number of years ago and thanked her for the care she gave my cousin's. She told me that no one had ever thank her before. As kids my other cousin's and I would be upset when she wouldn't let us in the house. When I became a mother I understood the reason and applaud her for it. She will be with me always as well as Uncle Earl Wayne, baby Dewayne, Larry and Teddy. They are all together now having a big family reunion.*
