“ Our condolences to the family. We are Gary's next door neighbors across the street and we didn't know he had passed. I noticed all the beautiful flowers and wind chimes you hung up on the porch where Gary used to sit and wave to me and my kids pulling out of our driveway every morning (when it was warm). He always made our day doing that and we miss him doing that very much! We wish we could have gotten to know him better, but are very blessed to have gotten to wave back and smile at him.

“ *I grieve with you in your loss of Gary. We were childhood friends. The years have not faded the memories. I remember when his family moved into our neighborhood, on South Madison Street and the first time he showed up in our second-grade classroom at Broadview Elementary. He was always shy and had a kind and gentle spirit. I have many wonderful memories from the few short years we spent together in the neighborhood with the other kids on the block. I'm praying the Lord will surround you all with His love and comfort and give you His grace & peace today and in the days to come.*

With all sympathy & most sincerely yours, Terri (Waldrip) Morrison.

“ Our heart aches with the news of your passing Uncle Gary. There are so many memories that we will hold onto the rest of our lives. Like when I was a kid and you all came to Florida. Dad and you took me and Gary Scott shrimping and crab catching! Also when we were able to take you bass fishing years back. You would NOT put your hand in the water to release the bass because you were terrified of the Gators swimming in the lake! I will never forget that!! Just know your sons and family have everything under control, you can look down and smile knowing it is all well. You fulfilled your mission to 'make a mark and leave a legacy'. You have broken the bonds of earth and are now touching the face of God. We will miss you and love you! Mike Jr. & Kristy Booker
