“ George was another amazing Van Buskirk. I am a Van Buskirk relative who has worked on Van Buskirk genealogy and found George as one of those whose ancestors were Loyalists that fled to Canada after the Revolutionary War. George's line returned to the USA via New England in the 1840's and thence Wisconsin and thence to Bloomington Indiana. This makes him a Van Buskirk that was a different line than a majority earlier Van Buskirk line in Monroe County Indiana. You can contact me if you are interested in Van Buskirk genealogy. “ This sad time brings back so many wonderful memories too. George's dad, Carl, was my voice professor at Indiana University and George and I were good friends. He was the kindest man I have ever known with a heart that was open to everyone. His life was difficult, but his spirit always prevailed. We can all learn lessons from George about what life was really meant to be...especially during these trying times. It is about caring for one another and accepting each of us without judgment. Rest in Peace, my friend, and know you will always be remembered with love in our hearts! For Always we care! Mary Jane Popp.

*George's mother was my piano teacher for over 12 years . When I would get to my lesson on Bender Rd early George and Zi would shoot baskets until time for my lesson . George was an outstanding harpist at an early age ! Many do not know or remember that .
R.I.P. George !!*

“ I am not sure who of the family is left to mourn George, but I hope that his friends find comfort at his passing as they remember good times with him. My late husband and I knew George for many years. He was a warm and kind man, with strong musical talent, a sharp brain, witty with a wry sense of humor. I had lost track of him in recent years and am so sorry to learn of his passing.. Keeping George and all who cared about him in my prayers. --Mary (Mrs. John) Popp
