“ I just learned today of Wedge's passing. I am so terribly sorry for your loss. I regret that I only met Wedge once in late spring of this year. He rescued me with his tractor and pulled my truck out of the mud. I offered to pay him for his services but he refused, telling me to just "pay it forward." My property is down the road and I noticed the real estate sign today while mowing and wondered what happened. I am so saddened by this loss and the missed opportunities to learn more about this great man. My condolences to all his friends and family.
