“ James was a member of the NF FAMILY PAGE that I created on Facebook.

James was one of our very regular postees on Faces of Neurofibromatosis).

He is going to be incredibly missed so very much. It was lovely meeting him at one of our NF WALK events in Fort Wayne. Warm thoughts & prayers for his family. He was such an amazing person and now he gets to be no longer feeling the pain that Neurofibromatosis causes many of us NFers. RIP James. 🤍💙

“ *He was my brother. He was the one I always turned to when I needed to talk to someone about anything. We've shared so many adventures together good and bad. We traveled around together. We have a lifetime of memories we share together. He always had my back and I always had his. He was my rock. I'm going to be so lost without him but I am so grateful for the 38 years we shared. I know he's home now and we will meet again. I know my brother he's up there making sure all our mansions are just right for our arrival into our great kingdom with the Lord. I love him so much and it hurts but I know it's only for a little while.*
