“ Dear Angie-

I wanted to let you know that I have thought about you often since I have heard this sad news. I wanted to let you know that your dad always made me feel welcome whenever I went to the house to visit. I knew him shortly from work at PRD, but mostly from the times we would spend together going to and from the Y or the lake. He was always so kind and caring and always curious about what we were up to and all the fun we had. He was a good dad and I seen the closeness and the friendship that the two of you shared. I knew you guys were partners in crime and probably had a lot of great stories to tell yourself of all the crazy stuff you did together. Your family always seemed happy when I visited. That is what I remember the most. I'm glad I had a chance to get to know your dad and your family. God has a special place for him in Heaven. One day, you will see him again. Love you Angie- I'm glad we are friends. Crystal
