“ I became Jean's handyman in her later years. The first time I worked for her, she noticed that I drink Pepsi. She immediately bought a case for me and insisted that I have one every time I came over. After about a year, the remaining sodas had no fizz whatsoever, but I never had the heart to tell her. It was very important to her that I be accommodated, and that meant much more to me than the quality of the drink.

I will miss her kind heart and charitable ways.

“ I am so sorry to hear of the loss of one of the truly great ladies of our time. Your mother was always so kind and patient and yes even loving to me, and I admired her greatly.

Throughout the years I thought about her a lot and in many ways I attempted (but never quite achieved to my satisfaction) to pattern my own mothering of my children after her example. You were both truly blessed to have her as a mother; just as everyone who had the chance to know her was truly blessed.

“ May your cherished memories give you comfort at this time of loss. My thoughts and prayers are with you. Jean was a great lady. I thoughtfully enjoyed my association with her during our years of employment at Bloomington Hospital. Several of us have continued to have lunch or a visit after we all retired.

“ *Mary Jean - I am so sorry for your loss. Your mom must have been amazing to have a daughter like you. When I saw the obituary, it brought back our good times together and the many times you mentioned your mother. I really admired your close relationship. Take care of yourself. If you need anything, I am ready and willing. Would love to see you again to catch up.*
