“ *So was thinking the other day about how I really never thought of my dad as being “big or tall” he was just always my dad... then it reminded me of how he got the nickname Giant to my kids. Aden was about 3 years old and we were at my parents place and my dad came outside and Aden started following him. I asked Aden where he was going. Aden looked at me straight face and replied “I am following the giant” and pointed at my dad and continued on. From then on he was Giant* ❤️❤️❤️
