“ I just want to say that he was the best dad anyone could ask for. My dad and I was so close and i would have to say I was totally a daddys girl. I just miss him mote then I can even start to explain. I know that it's been a few years now since my dad has been gone and I finally feel a lil more comfortable to write about him. It's just been the hardest thing I've ever been through in my whole life knowing that I will never be able to hug and look at gim and say I love you ever again and that just breaks my heart in pieces. But I'm gonna see him one day cause I kbow he will be waiting at the gates of heaven for me. I love you daddy.
