Waiting at Heaven's gates was some aunts one being her beloved aunt Darla (Pelfree) Pruitt, and all 4 of her grandparents. She will be missed sadly for a lifetime. She was the most beautiful soul and gifted soul one could ever hope

to meet. As her wife I will remain forever incomplete until the day were joined again. She is truly the brightest star in the sky.

There is a celebration of life on Monday January 10th at the lower cascades shelter if the weather permits and further arrangements will be made if it does not, this will be from 4-6pm. Any help will be accepted for this. She would want us to work together, she brought us together so we have to stick together.
