“ It is hard to put into words, when you loss a friend like Larry, it didn't mater how sick he was he still was able to laugh and make you laugh as well. I first met Larry in high school and have been friends since. Three years ago I learnd he had cancer, which is about the same time I found out that I also had it too. We would give each other a call after a doctor visit or treatment to see how the other one is getting along. I am going to miss those calls and I am going to miss Larry my good freind

We have great memories of Larry coming for heating calls to our house in Lebanon and eating chili after he would get the work done....he was quick with laughter and made our hearts smile.
