“ I am truly sorry for the family/friends loss of such a great woman. I have learned so much with my time working with such an experienced nurse. We had a lot of laughs in a not always so happy place. She showed me how to make the best and make a difference. My thoughts, heart and prayers go out to her family....we have truly lost a special angel nurse.

“ I'm truly saddened to hear of Lisa's death. She was a deeply loved member of my family for fourteen years and we have always remembered her with smiles and warm thoughts. Lisa's innocent outlook on life, her loving attention to animals, and her devotion to my brother won her a place in my heart the first time I met her. From diving in Bermuda to grilling in my backyard, she was always engaged and living her best life! Her joyous spirit will be remembered by all she touched. I pray for God's peace and healing for her family.

“ *Lisa was one of the most kindest, loving, uplifting nurse's with a beautiful soul that I have ever met. Her sense of humor & laugh would make me smile & laugh after a rough shift where I wanted to leave in tears. I loved her & felt a kinship from the first time I met her. She had that kind of spirit & essence about her. She touched a lot of lives & helped them through this world & to the end. I will always remember her & miss her & am sending loving thoughts to her sister, family, her beloved animals & all that knew her. May she forever. R.I.P. Thank you Lisa for being a part of my journey.*

“ So sorry for this family's loss!!!Lisa was a powerful woman in a tiny little body....I had the pleasure and luck to work with her on the night shift. She fed us, shared her nurses wisdom and kept us laughing. She was special, a cussing, cigarette smoking earth angel and loved her!!!

“ I will never forget lisa's contagious laugh, the way she would turn a frown upside down just the sight of her. I'll never forget how she cared for everyone and didnt dislike a single person,she always seen something positive in everyone.. I loved her stories about her cats and the way shed tell them and was always so excited to show off her pussycats . She had a robot vacuum and put a face on it and recorded it and her her cats reaction to it. This is just who she was and always found a way to create laughter not only for herself but everyone around her. She was the most dedicated and compassionate woman I've ever had the pleasure to meet and she may have left this world but she will never leave our hearts. Sending prayers for her family.

“ Downtown Lisa Brown had the energy of a 20-year-old and a heart the size of Texas. A tiny powerhouse of a woman who always had a smile on her face and was constantly laughing, even and sometimes because of the most trying of circumstances. She was an amazing nurse, and absolutely everyone who came into contact with her loved her. Her laugh was genuine and contagious. My heart breaks for her family. Please know the other nurses who knew her, worked with her and absolutely loved her will never forget her.

“ I am a nurse at Garden Villa and was lucky to have worked with Lisa. From the moment I met her I could tell what a wonderful woman she was. She had a vast knowledge of nursing and loved her patients. She shared her knowledge and was always eager to help anyone who needed assistance and taught skills to nurses she worked with. She was a beautiful lady inside and out and I admired her greatly as did her other co-workers. I am so very sorry for her profound loss. My prayers are with her family and the many friends I know she had. May she Rest In Peace. She touched many, many lives and was very loved by all who knew her. She will never be forgotten.
