“ Having known Mac for 36 years through SVGC, I can say that he was one of the kindest, gentlest human beings I have ever known. He was civic minded, and shared his kind demeanor with all who knew him. A driving force for DU , and above all, Goose Pond, he offered his time and counsel to elected officials and his friends. He will be sorely missed by all of us who had the pleasure of knowing this wonderful man.

“ Mac frequently shared his expertise and opinions with me in my role as State Representative and later as Mayor of Bloomington. I looked forward to his letters in large part because, especially as the years went on, they were among the few remaining handwritten correspondences I received. His thoughtful counsel was always appreciated. Mac set the standard for civil civic engagement.

“ It is with sadness that I read of the passing of Mac Moulden. My best friend lived across the street from Godsey's cabinet shop. We played a lot of basketball in the lot at the east end of the shop where the owners had put up a hoop on the building, that is where I first met Mac. I was about 11 or 12 which would have made Mac about 18 or so (as I recall). I always felt that Mac was so nice to us "little" kids. He was so soft spoken and always helped us kids in the neighborhood. As I grew older I don't think I ever heard Mac raise his voice to anyone. I never met a kinder person. What better thing can one say but he was a good man. He will be missed. May God be with the family and give them the strength to cope with their loss. Prayers for the family.
