*From The England side of the family, as kids, our families would get together on weekends, mostly at Lonnie and Margaret's farm house. The men would sit on the front porch making ice cream. The women would be in the kitchen frying chicken, cutting tomatoes, mashing potatoes, baking pies. There was always lots of food for us to eat. We kids would run in and out of the house chasing each other or getting into mischief. Margaret would always have a bunch of kids around and never, never minded the noise. I love her and send my deepest condolences to our family for their loss. I will never forget Margaret made my kids baby quilts and they lasted forever, until they fell apart. Will never forget her smile and laughter. Love from Christine*
