“ *I always looked forward to seeing Mary for her monthly banking visits. She was one of those members that always had her transaction ready to go before she walked through the door (which is rare). She had a sharp mind and loved to tell you about her day and wish you a blessed day whenever she could. I loved our conversations and our interactions and they will be deeply missed by me. I hope your family finds comfort in knowing the lives she has touched and blessed has been many. My deepest condolences to you all.*
