“ *Bon voyage to a Cable Splicing brother. When I first started splicing with no background in that work, I was paired up with Moose on a job adjoining the city park. Sunshine, warm, beautiful day. He told me "every day is a picnic in splicing." Behind his sometimes gruff façade was a good, caring man, who would do anything for you.*

“ *I worked with Moose, and his brother John, many years at Indiana Bell/Ameritech. Great guy to work with and know.*
