“ Thinking of you and your family during this difficult time. We go way back to the 60's when we rented a trailer from your dear parents. Sweet, sweet memories of them and your family. Our thoughts and prayers are with you. Helen and Ed Goffinet

“ I was sorry to hear of Mid's passing, but I am glad that she isn't suffering anymore from the health issues that she has endured. She was such a special lady to know, and I am thankful I was able to visit with her from time to time when she became a resident at Redbud. While she was a very special friend to Dad, she also became a good friend to our family. Her Christian example, and the kindness she showed to others was greatly appreciated. We will miss Mid, but will think of her with fond memories!

*We were so very sad to hear of Mid's passing. She was a dear friend of our parents, as she and our father worked together at RCA for many years. They were delighted when we moved them to Redbud Hills to find that Mid was also living there. They shared many meals together and missed her when we had to move them to an additional care facility. My sister and I became very fond of Mid and thought her a wonderful lady when we visited Redbud. Our deepest to your family.

Sorry to hear about your Mom passing. Went through that recently in our family as well. Your Mom was a special person. We were both lucky to have our Mothers as long as we did. Stay strong. We have no choice in that.
