“ I knew Nancy Boxell as an intelligent, literate person who delighted in nature and the simple pleasures of friendship. Nancy spoke with passion about her family and her hopes and dreams for them. An educator by nature and training, Nancy was keen to encourage others to achieve their full potential while she herself was constrained by various medical conditions. I am proud to have called her a friend. My deepest sympathies go to Nancy’s family and friends.

“ I am so sorry to hear of the death of Nancy. The passing away of a loved one is always with much sorrow. May we have faith and confidence in the Bible's promise of a time when pain, sickness and death are a thing of the past (Revelation 21:3, 4). My condolences are with the family at this difficult time.

“*Mahayla and Family: I am so sorry for your loss. Nancy was a dedicated mother and grandmother. She loved you all so very much and talked about you often. Education and lack of ignorance, in general, were very important to her as stated in the obituary. Know that as you go forward, your mother's best traits will stay with you and influence you for the rest of your lives.*
