

Pamela Lynn Grossnickle

June 30, 1953 - December 20, 2023

Pam was born June 30, 1953 in San Diego, California where her father was stationed in the Navy. Her parents were Roger "Pete" and Jacqueline (Brauneller) Grossnickle. She went home to Heaven on December 20, 2023. She is survived by her two sons, Curtis James (Holly) Drummond and Jeffrey Tyler (Skye Doyle) Reeves, grandchildren Boaz Drummond, Jonathan Drummond, Hanan Drummond and Hadassah Drummond, niece Stephanie (Seth) Barnhill, brother Jeff (Joani) Grossnickle and best friend Beverly Spencer. She was preceded in death by her parents and all grandparents, aunts and uncles.

Pam had worked at IU Health Bloomington Hospital in medical records and was forms management director for over 30 years. For many years she also was writer and editor of the HIMS employee newsletter. She was a colorful employee whose desk was covered with Mickey and Minnie Mouse due to her love of Walt Disney. Her touch with fame came when she, as a budding artist, wrote a letter of admiration to Norman Rockwell, who responded with a warm and personal letter to her. A treasure she always kept. She wrote many fun poems and short stories over the years, a few that were locally published.

Pam had strong faith in Jesus as her savior and guide in life and had often said she looked forward to meeting Him and seeing her father and mother as well as so many others again someday. Her faith has now become sight.

“ I was very blessed to have worked with Pam over the years at Bloomington Hospital. Her smile was contagious and made the day brighter for each person she touched. We would often talk about our mutual love for anything Disney and would share stories about our trips to the Magic Kingdom. Serving in any position in healthcare, it is so important to be positive and loving towards patients, their families, co-workers, and anyone else who found themselves in our hospital. Pam understood and lived that mantra everyday. Although my heart breaks upon hearing of her passing, I feel blessed with her friendship and the love she shared unconditionally. Keeping Pam’s family in my thoughts and prayers during this difficult time. Deb Wellman

“ Pam had me laughing from the moment we met at the French Lick Arts on the Green several years ago. We got together many times at restaurants for a fun meal together. The last one was in Bedford where Pam ordered a chicken taco salad with a special request for just a bit of chicken. When she received the salad, Pam said, "This has two whole chickens in it!" Recently Pam and I traveled to Vincennes to retrieve a clown painting by Red Skelton. We visited the museum where Pam bought a print of one of Red's clowns. I wish I had a photo of Pam when she was a professional clown. Pam was a gifted writer of humorous rhyming poems. I was the recipient of several, which I will read over and over, laughing at each line. I know Pam is in heaven with her departed family and the angels laughing at her antics. But I sure am going to miss her.

“ From the moment Pam and I met, we became , sisters. The love and positivity that she brought into my world is immeasurable. Pam made life fun, loving and humorous for all who knew her. I know she is loving being reunited with her parents. She was most definitely an angel in my life, and I will miss her greatly. Much love and joy to you, "Mimi" as you walk now with your creator.

“ I met her when she worked in medical records. Back in the day we would have to walk from the ER to get medical records. I gladly did to get away and it was always a better when Pam was there. Always smiling and kind. She was a true jewel!!!

Pam was a friend to everyone...so kind. She not only was a co-worker but a sweet neighbor too. She always honked and waved as she went by. This dear lady will be missed deeply.

Oh my, I'm so sad to hear she has passed but grateful for having known her. She always made people feel seen and heard. She was attentive. When she smiled (which was almost all the time), she made you feel her radiance and compassion for others. She cared. I worked with Pam for years and was witness to her dedication to making the world a better place. Rest in peace.
