“ So sorry to see about Penny's passing. She was our custodian in the room I worked in at Edgewood Intermediate School. She always responded quickly when we needed her and we needed her often! This gave me the opportunity to get to know her and I am so glad that I was able to spend time with her. She made our days at school more enjoyable!

“ *I was so saddened to hear about Penny. I worked with her at Edgewood Intermediate, and so enjoyed talking with her. She would come to my classroom before or after school or during lunch times and we would chat about all sorts of things. She was cheery and fun, and we laughed a lot. I was always asking her for help about something, to open a closet, direct me to a cleaning product, help me schedule something...anything. Penny would help me. We loved our granddaughters and shared stories about them. When I returned to school following a surgery she was horrified and told me to get back home! When I retired she was one of the workers I missed so much. You all are in my prayers, I feel like I know you from her stories. Penny was a glorious flower.*
