“ Ricky we miss u so much. I wish that u knew how devastating losing you really was and still is. I love you always will. You were my person. And I was yours until we let the devil get ahold of us. I would do anything just to hear ur voice again. I am definitely not the same person anymore. I just wish that my love and our girls love was enough to keep u here with us. But I know and I know that bri knows u r watching over her and I know deep down u r watching over me too. We love and miss you.

But I love you so much more than just a cousin. That little boy touched my heart so much more. My heart is broken, but I know your Grandma and Grandpa guided you home and you're finally at Peace.... I love you Ricky. And you'll 4 ever be missed. Fly High above your dreams.*

*I remember when he was a small baby he had so much energy to burn he would get his Mom's keys and bang them on his high chair ha and Tammy would take them and I would give them back and he would take them and I would do the motions for him to do it again and he would look at me and we both would laugh and he would do it again. I loved Ricky for who he was. Anytime I would see him he would always give me a hug and tell me he loved me. RIP Ricky you are now with those who truly loved you.*
