“ Everyone on the Team Awesome Discord Server send our condolences. We loved spending time with Bob, he was a friendly and dedicated gamer, and a father figure to us all.

Members have shared many memories this week with heavy hearts. Playing the games we used to enjoy together won't be quite the same without his lively banter. He often called us his digital "kids", and would always help us out whenever we needed help with a quest or an event in a game.

He would tease us all from time to time with a merry chuckle, and he would take delight in showing us the results of his hard work. He was a man with a big enough heart to care not only for himself and his family, but everyone he met. He will be missed dearly.

“ We are so happy that we had the privilege of knowing Bob. He and Shirley attended our church at one time, and we will always remember the smile on Bob’s face when he looked at our church stained glass window’s image of Jesus. It was an awesome sight to see! Prayers for Shirley and their family.
