“ *Heaven truly gained another angel. Stoy was a friend of my brother Marty since childhood. After Marty's stroke, he faithfully visited him every week, for 3 yrs at the nursing home. Even though his illness, he was always offering to do anything to help Marty. He had a heart of gold, and was always willing to help others. Fly high my friend, and keep my brother inline!!! RIH Stoy!*

“ I have known Stoy for over 50 years, my memories of him are many and always make me smile. He was a man that was always ready to help anyone out who needed him, but never seemed to have those favors returned.he was also my best friend over the years and even though I moved away several years ago we still kept in touch. He was more than a friend and brother to me. We would talk to each other about or problems and our joys. He family was everything to him.one of his greatest joys beside Tammy and his daughters was his granddaughter he so loved any and all times he spent with her. He has never been far from my thoughts over the years and we would talk for hours remembering the past and talking about the future. He was a true friend to me and I loved him for who he was and I will miss never being able to hear his voice or see his face when I make it back to Bloomington. The memories will always be mine and I will still talk to him although silently now but I know he will still listen and bring peace to my soul. Rest In Peace my friend you will be sadly missed. The world has lost a precious soul but heaven has gained another. Look Down dear friend and know you were truly loved by many. I will always remember and keep you in my thoughts, prayers, heart and soul. Love to you and all of your family.
