“ Tony and Terry took me into their home and helped me out when I was struggling and at my lowest point. She also drove 40 min one way to bring me dinner. She did that every day for months. Terry was one of if not the most caring person I have ever met in my life. It deeply saddens me to hear about her passing. I could go on and on about how much she cared about her family and even considered me a part of. No words can describe what a terrible loss her death was. Tony and family will always be in my prayers

“ I am saddened to hear of Terry's passing, and send my condolences to her family. I was lucky to work with Terry for years, and watched her kids grow up. Sending you each hugs and prayers for strength...I know how hard it is to lose your momma suddenly. And yours was such a great people person. I can't even begin to know how many customers she helped with an insurance problem, working on it til it was solved, no matter how many phone calls it took. I will miss her smile and her hugs.

“ I was walking out of the church on a Sunday within the past month. Terry chased me down saying Hey! Don't I get a hug? We hugged right and she said "I want to catch up sometime". I believe we were granted that moment in time. For that, I'm grateful. Love you always and see you again one day dear sister. Melody Kinder Carpenter.
